Professional Summary

Frontend Developer with 2+ years of experience building responsive web applications and internal tools. Skilled in HTML, CSS, JavaScript (ES6+), and REST API integration, with a strong focus on clean UI and usability. Developed real-world projects including an e-commerce platform and API-driven applications. Currently strengthening expertise in React.js and modern frontend development.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Responsive Design, CSS Grid, Flexbox, DOM Manipulation, React.js (Fundamentals, Hooks)
- **Concepts:** API Integration, Async/Await, Event Handling, State Management, LocalStorage
- **Tools:** Git, GitHub, Netlify, VS Code
- **Backend/Database (Exposure):** SQL, MongoDB, .NET Core MVC, ASP.NET, MySQL, MS SQL
- **Languages:** C++, C#, JavaScript, Python, Core Java

Professional Experience

Software Engineer

Aug 2022 – Oct 2024 *Persistent Systems Ltd., Pune*

- Developed and maintained an internal web application "Space Allocation System" using ASP.NET Core MVC, improving booking workflow efficiency
- Implemented backend logic using C# and MVC independently.
- Implemented validation logic to ensure accurate and reliable user interactions
- Built Proof of Concepts using Java and Python for feature experimentation
- Collaborated in Agile teams for feature development, debugging, and issue resolution

Projects

EasyShop — E-Commerce Web Application

Jan 2026 [GitHub](#) | [Live Demo](#)

- Developed a fully responsive e-commerce web application with dynamic product filtering and real-time cart updates using JavaScript
- Implemented cart persistence using LocalStorage for seamless user experience
- Designed mobile-first UI ensuring cross-device compatibility
- Optimized DOM updates and structured reusable components for better performance

VacayPlanner — Travel Planning Web App

Apr 2026 [GitHub](#) | [Live Demo](#)

- Built an API-driven travel application integrating multiple REST APIs for dynamic data rendering
- Implemented itinerary creation and favorites management features
- Managed asynchronous operations using Fetch API and async/await
- Developed a fully responsive and user-friendly interface across devices

Certifications

- HackerRank: JavaScript (Intermediate), Python (Basic).
- University of Michigan Coursera: Introduction to SQL.
- LinkedIn Learning: Modern JavaScript (ES6+).
- Spoken Tutorial IIT Bombay Certified in: Advanced C++, PHP and MySQL, Python.
- Google Digital Unlocked: The fundamentals of Digital Marketing.

Education

B.E. Computer Engineering (Honours AI/ML) PES's Modern College of Engineering, SPPU, Pune
CGPA: **9.59**

2022

Languages

- English, Hindi, Marathi
